

General Policies and Requirements

General Policies and Requirements

- All abstracts must contain original work that has not previously been reported. Abstracts may be from a range of categories, including original research, case studies, and insight or review articles.
- All abstracts must be prepared according to the guidelines provided. Submissions will be returned to the author without review if not in the correct format and must be resubmitted immediately in the correct format to be reviewed and considered for inclusion in the program.
- The presenting author only must submit the abstract.
- The presenting author will be required to register and pay for the conference to ensure their abstract(s) are included in the final program and journal supplement – deadline for author registration is 20 October 2017.
- Do not resubmit an abstract for any reason other than a notified submission error. If you do not receive a confirmation email with a receipt number confirming that your abstract was successfully uploaded, please contact the Conference Managers at apccn17@arinex.com.au
- It is the responsibility of the presenting author to ensure that the abstract is submitted correctly. After an author has submitted their abstract they must check their submission, which will be converted to a PDF file, to ensure the document has been uploaded correctly.
- Abstracts will be reviewed by the appointed conference abstract reviewers.
- **Audio-visual equipment** – Please note that for all oral presentations, only data projection (PowerPoint) will be available for use by speakers.
- **Faxed or mailed hard-copy abstracts or abstracts sent on disk/CD will not be accepted. If you are unable to submit via the website please contact the Conference Managers:**
